Online Enrollment System

Employer Access

Our online enrollment system is designed to offer you access to a variety of eligibility management tools to assist you in managing your employee benefits program. Our system allows you to review benefit options, compare benefit summaries and complete final benefit elections.

Your Benefit Portal Dashboard is designed to offer you access to manage your personnel and benefit information with ease and convenience, anytime day or night.

Key Features:

- Message Center
- Account Profile
  - Enrollment Summary
  - View Plans/Rates
  - View and Change Demographic Information
